

READY WHEN YOU NEED IT!

The Heatcraft Worldwide Refrigeration stocking program makes equipment available right in time.

To better serve your expedited project needs, **Heatcraft Worldwide Refrigeration** is expanding our popular stocking program to include additional condensing unit sizes and both air defrost and electric defrost models of our Medium Profile and Large unit cooler lines.

**Horizontal
Condensing Units**
27,770 - 139,480 BTU

**Vertical
Condensing Units**
88,800 - 229,900 BTU

**Medium Profile
Unit Coolers**
16,500 - 53,000 BTU

**Large
Unit Coolers**
40,000 - 220,000 BTU

Offering a broad range of readily available refrigeration units in both 230 and 460 volt configurations, **Heatcraft has your replacement needs covered.**

We have expanded our stocking locations to offer equipment to you faster than ever before.

Stocking Locations:

- Tifton, GA
- Plano, TX
- Eastvale, CA
