NOMENCLATURE - SRN Models

S	R	N	0900	M	6	C
Compressor	Model	Application	Model Size	Temp.	Refrigerant	Voltage
S = Semi-Hermetic Reciprocating	R = Remote	N = Indoor	0090 - 2200	L = Low M = Medium	6 = R-404A/507 (R-407A/407C/407F, R-448A/449A available on select models)	B = 208/230/1/60 G = 230/1/60 C = 208/230/3/60 D = 460/3/60 E = 575/3/60

NOMENCLATURE - ZRN Models

Z	R	N	020	M	6	C
Compressor	Model	Application	Model Size	Temp.	Refrigerant	Voltage
Z = Scroll	R = Remote	N = Indoor	020 - 060 or 0650-1500	X = Extended L = Low M = Medium	6 = R-404A/507 (R-407A/407C/407F, R-448A/449A available on select models)	B = 208/230/1/60 C = 208/230/3/60 D = 460/3/60

FEATURES & BENEFITS - SRN

The indoor remote compressor unit is specifically designed for use in supermarket, restaurant, warehouse and other commercial and industrial applications. The design focuses on ease of installation and maintenance along with the flexibility to fit most application requirements.

Construction

- Spacious, pre-painted electrical box
- Fixed low pressure switch (adjustable on low temp models)
- Fixed high pressure switch
- Pump down switch
- 230V control circuit transformer on 460V units
- Sealed liquid line filter drier and sight glass

Serviceability

- Easy access refrigerant piping
- Captive door fasteners
- Single electrical connection location
- Removable electrical box provides convenient front access to the oil pump and compressor

Quality

- Pre-bent tubing reduces the possibility of leaks
- Shipped with dry nitrogen charge
- Heavy duty base plate
- Non-metallic conduit on all wiring runs

Components

- Semi-hermetic reciprocating compressors
- Compressor contractor and control circuit fusing
- Oil pressure switch (when required)
- Rigid mounted compressors (models 0090-0400)
- Spring mounted compressors with suction and discharge vibration eliminators (models 0499 and above)
- Compressor head cooling fan (when required)
- Compressor solid state protection model (on units with 4D compressors)

NOTES: SRN pictured with optional suction accumulator, liquid solenoid valve, sealed suction filter and head pressure valve

OPTIONS - SRN Models

Factory-Installed Options

- Dual pressure switch
- Oil separator with discharge check valve and oil return hand valve
- Compressor and control circuit breaker
- Two tier rack
- Suction accumulator
- Sealed suction filter
- Replaceable core suction filter (0300-2200)
- Replaceable core liquid filter (0300-2200)
- Liquid line solenoid valve
- Spring mounted compressors with suction and discharge vibration eliminators (models 0090 to 0400)
- Crankcase heater
- Air defrost timer
- Electric defrost kit. Kit includes timer, evaporator fan contactor, defrost heater contactor(s), lockout relay and terminal block
- Remote load fusing for electric defrost kit. Includes evaporator fan motor and defrost heater fuses
- Fixed head pressure control valve
- Beacon II™ compatible (contact factory)
- Demand cooling for low temperature (contact factory)

NOTES: Receiver refrigerant holding capacity refers to the weight of the type of refrigerant indicated by the model number

(i.e. M6, L6, E6 = R-404A/R-507)

Figures are located on page 15 of this technical bulletin.

Dimensions are maximum dimensions with options. Please refer to submittal drawings for specific model dimensions

For additional capacity sizes and options, please contact the factory at 800-537-7775

FEATURES & BENEFITS - ZRN Models

The indoor ZRN remote compressor unit is designed for use in supermarket, restaurant, warehouse, commercial and industrial refrigeration applications. When space is at a premium, and flexibility of installation matters, the ZRN product line provides ease of installation with required components factory installed on remote compressor units.

Construction
• Large, pre-painted electrical enclosure • Factory installed fixed high and low pressure switches • Adjustable low pressure switch available on low temperature models • Pump down switch for ease of troubleshooting and service • 230V control transformer on 460V models for simplified control circuits • Liquid line filter drier and sight glass to verify system operation (optional on ZWN style)
Serviceability
• Easily accessible refrigerant piping and access ports • Removable electrical panel door with captive fasteners
Quality
• Formed tubing minimizes brazed joints and reduces the potential for leaks • Shipped with a holding charge of dry nitrogen to ensure the system is leak free • Assembled on a heavy duty base plate to provide years of trouble free service • Non-metallic conduit on all wiring outside of the electrical enclosure to protect wiring integrity
Components
• Scroll compressors • Vibration isolation mounts on all scroll compressors • Integrated discharge check valve • Discharge high pressure safety switch

OPTIONS - ZRN Models

Features & Options	Small	Large	Notes
Controls			
High Pressure	Standard	Standard	Fixed
Low Pressure	Standard	Standard	Fixed (HT/MT), Adjustable (LT)
Dual Pressure Control	-	Option	
Control Transformer	Standard	Standard	Available on 460V and 575V Models only
Liquid Line			
Receiver	Standard	Standard	
Filter Drier & Sight Glass	Option	Standard	
Replaceable Core Filter & Sight Glass	-	Option	
Solenoid Valve	Option	Option	
Pumpdown Switch	Standard	Standard

NOTES: Receiver refrigerant holding capacity refers to the weight of the type of refrigerant indicated by the model number (i.e. M6, L6, E6 = R-404A/R-507)

Figures are located on page 15 of this technical bulletin.

Dimensions are maximum dimensions with options. Please refer to submittal drawings for specific model dimensions

For additional capacity sizes and options, please contact the factory at 800-537-7775

DIMENSIONAL DATA

Figure A

Maximum Dimensions with Options

Horsepower	A	B (std*)	B (max**)	C (std*)	C (max**)	D	E
3/4 thru 2	35	19.375	23.75	29	36.375	13.5	12
3 thru 4	40	21.375	26.75	31.625	39.25	13.5	12
5 thru 6	42.5	23.375	30.375	36.375	39.25	13.5	12
7-1/2 thru 22	47	27.5	35.375	41.25	43.5	24	12

*Standard dimensions are for base model.
**Maximum dimensions are possible depending on selected options.
Exact dimensions can vary based on the chosen options.
